

INSTRUCTIONS

Start by printing the chip bag file on a sheet of letter-sized glossy paper.

Grab a bag of your favorite chips.

Wrap the printed paper around the bag of chips. Make sure the design aligns properly, and the paper covers the entire bag.

To secure the paper in place, use a double-sided glue tape roller along the middle edges of the paper where it overlaps.

At the open ends of the chip bag, use a stapler to attach the paper together. Staple the top and bottom edges, making sure the bag is securely sealed.

ENJOY!

MERRY Chip-Mas
